

MINISTERUL MEDIULUI,
APELOR ȘI PĂDURILOR

INVITATION

The "Methodological guide for monitoring antibiotic residues and antimicrobial resistance in the environment as a supporting instrument for an enhanced quality management of surface waters and groundwater (EnviroAMR)" implementation team, is pleased to invite you the 4th EnviroAMR Workshop entitled " **Methods for quantifying the antibiotic residues in environmental samples**". The workshop will take place Friday, April 22nd, 2016, from **10.00 am**, at National Institute for Research and Development of Isotopic and Molecular Technologies, no. 67-103, Donat St., Cluj-Napoca.

Workshop program:

- 10.00 - 10.30 Registration of participants.
- 10.30 - 11.00 EnviroAMR project presentation. Determination of antibiotics in environmental samples.
- 11.00 - 11.30 Coffee break.
- 11.30 - 14.00 Practical approach and laboratory training for the proposed methods. Panel discussions about EnviroAMR project.

Venue:

National Institute for Research and Development of Isotopic and Molecular Technologies, no. 67-103, Donat St., Cluj-Napoca.

Confirmation:

Please let us know your intention to participate and the names of appointed persons (max. 2) until Monday, April 18th, 2016, at: Tel. +40 58 264 40 37 Int. 215 (contact person Maria - Loredana Soran, INCDTIM Cluj). Email: loredana.soran@itim-cj.ro.

**Project Manager,
Cristian Coman, Ph.D**

**P3 Project coordinator,
Maria – Loredana Soran, Ph.D**

Proiect: Ghid metodologic de monitorizare a antibioticelor și a rezistenței antimicrobiene în mediu ca instrument suport pentru îmbunătățirea managementului calității apelor de suprafață și a pânzei freatică (EnviroAMR), finanțat prin Mecanismul SEE 2009-2014 în cadrul Programului RO04 – Reducerea Substanțelor Periculoase.
